BRONXVILLE HIGH SCHOOL

BRONXVILLE, NEW YORK

DR. EARL GOUDEY

DEDICATION

To one who has been both a good friend and brilliant instructor,
Dr. Earl Goudey, we, the class of 1963, proudly dedicate our Yearbook.

DR. BRAUN
Superintendent of Schools

Our school was founded upon the fundamental principle that each individual student should have the opportunity to grow and develop to his greatest potential — intellectually, physically, emotionally and socially.

The curriculum, activities and excellent faculty combine to challenge the curiosity and creative thoughtfulness of students so that they will be prepared to meet their individual responsibilities upon completing high school.

The knowledge you have developed, the traditions you have shared, the friendships you have made, and the pleasant moments you have enjoyed are reflected in the many memories portrayed in this, your Yearbook.

Louis H. Braun

MR. HEMPSTEAD
Assistant to the Superintendent

The purpose of a school is to further learning. In Bronxville High School most learnings are, and should be, in academic areas. But I believe a well-balanced school should provide rich opportunity for many other learning experiences. It is in the realm of these other learning experiences that student activities can contribute so much of value.

Your Yearbook is a record of these activities in your school. Thus it makes an excellent contribution to the program of the school.

PRIDE AND PREJUDICE

Pride and Prejudice, the Junior Class Play, was presented in the auditorium of Bronxville High School on the evenings of November 16 and 17. The play, based on a novel by Jane Austen, was about a mother who attempts to get her three daughters married into respectable, wealthy families. The cast was highlighted by Charles Buschman, Mary Ann Harrold, Teren Richardson, Parmelee Bates, Lisa Merrill, Leonard Black, Van Lawrence and Chris Cannv. The auditorium was well filled for each performance and the play went admirably both evenings. The Junior Class gave us two enjoyable evenings at Bronxville High School

A CONNECTICUT YANKEE

A Bronxville audience journeyed back to the year 563 A.D. in this year's operetta, "A Connecticut Yankee," presented on April 5 and 6. The tuneful score is that of Rodgers and Hart, and the story was taken from Mark Twain's famous "A Connecticut Yankee in King Arthur's Court."

The cast presented an excellent performance each night. Mr. Linden was the musical director and Miss Day the dramatic director. The audience thoroughly enjoyed the operetta.

Led by co-captains Bob Burt and Jay Colmer, and with lettermen Jon Peake, Brian McKay, Al Roghano, Denny Davis, Ed Russell, Chris Gibbs, Mike Kuhns, John Dostal, Lee Netter and Ted Meyer, the 1962 Bronco team seemed to be in good shape. This was to be our first season in the new Central Westchester League. As the first game drew nearer, we felt prepared for it.

Our initial contest this year was against a strong Riverdale team. The squad was ready to avenge last year's terrible thrashing, but our efforts fell short by one touchdown. Even with a great effort of three touchdowns in five minutes, we could not change the outcome and we bowed 33-27.

The next Saturday the Broncos were set to rip apart a big Saunders-Commerce team which was led by a 230 pound center. We tripped Saunders by a 19-13 score.

On the following weekend, the team travelled to the New York School for the Deaf to play Woodlands. In this game the Broncos began to find themselves as they defeated Woodlands 20-0.

No one wishes to remember the game against Tuckahoe. With six of our starters injured and the team lacking the Bronxville spirit, we were easy prey for Tuckahoe as we were humbled 20-0.

No one could foresee how Bronxville would do against a good Rye Neck team after our trouncing by Tuckahoe. Our arch-rival was all set to take us apart, but after a

scoreless first half, Bronxville came back with a pair of touchdowns to notch our third victory of the year, 14-0. Ed Russell received the Con Edison Award for his fine playing in this game.

Gorton was no match for our deceptive offense and bone-crushing defense, and they were beaten 31-0.

The Broncos' last game against undefeated Valhalla will be long remembered. Because of our loss to Tuckahoe, Valhalla boasted they would beat us by forty points. Our boys put up their best efforts throughout this game. Time and time again our defense held inside their own ten yard line. The offense scored the first time they had the ball and we converted for the extra point. At half time we led 7-0. The second half was hard fought. Valhalla scored on a punt return, but did not get the extra point. The game ended with Bronxville on top of the 7-6 score.

At the close of the season, Bob Burt, Jay Colmer, Al Rogliano and Ed Russell were placed on the C.W.L. All-Star team. Mike Kuhns received honorable mention. Burt received honorable mention on the All-Met team. He and Gibbs were on the All-Westchester team and *Daily News* line-up. Burt, Gibbs, Henry Sullivan, Brian McKay and Colmer all were given honorable mention on the All-County team. The Broncos also selected their own most valuable player — Chris Gibbs.

Once again the Bronxville football team played in a way that the whole student body can be proud of.

C.W.L. CHAMPS

The 1962 Booters, captained by Bestor Cram and co-captained by Barry Barrell and Bill Hurlbut stomped over the Central Westchester League teams and entered into the county playoffs capturing second place.

In early September, the Booters faced Sleepy Hollow, their initial opponent, who overwhelmed the Blue and Gray, 6-2.

Success over Concordia touched off an eight game winning streak. Both Barrell and Ed Winant slid through the puddles with finesse to skid the ball in for an 8-4 win.

Rye Neck was the next team to bow to Bronxville. The Panthers were crushed 18-4, largely through the efforts of Hurlbut who scored 10 points. Other contributors to the victory were Dave Cerlian, Phil DuVal and Winant.

The nets were dented by Barrell and Winant when Harrison was slashed 4-0.

Following this, the Booters smothered Woodlands 10-2. Bob Welch and Barrell each scored twice and Van Lawrence slipped past the goalie for one tally.

Hurlbut, Winant and Ion Miller combined their scoring skills to shut out Harrison 6-0.

"Gotehal!"

Vallhalla collapse 1-6-2 when Hurlbut talked once, followed by two successful scoring attacks by Winant.

Rye Neck balked a second time, 8-2, as Winant blasted two goals. Barrell and Lawrence chalked up two points apiece.

Bronxville then swamped Westlake 8-0 in a Booter dominated game.

The long streak of victories was momentarily continued when Vallhalla fought the Blue to a 2-2 deadlock. Jan "Frog" Dutchman Knipscheer connected his head with an excellent Peter Barnett corner kick to knot the score. Six minutes of overtime play still did not upset the stalemate.

In the last league game the Booters checked Woodlands 10-0, marking the fourth shutout of the season and an impressive 9-1-1 record, as C.W.L. champs.

After one postponement the "rooper stompers" raked teeth in the county playoffs, engaged in a grueling battle with the number one team and Western Westchester League champions Chappaqua, strangling them 6-4.

The victory insured a place in the County Championship game to be played against Bronxville's traditional rival, Scarsdale.

Barnett launched a ball across the goal mouth from the corner while Winant leaped in the air to direct the ball through the goal posts followed by a Scarsdale equalizer. The same Blue and Gray combination punctured the nets for another goal with Scarsdale being right back for two points.

The second half resumed with the Raiders completing two successful scoring attacks. Barnett was aided by a Scarsdale halfback heading his kick for a score. This cut the lead to two but the Raiders edged another goal in, hiking the score up to a final 10-6, resulting in Bronxville's being the Westchester County runner-up.

Breaking the tradition and history of poor to mediocre basketball at Bronxville High School, the 1962-1963 season was a banner year for the Bronco hoopsters. With the advent of Mr. Bill Green as varsity coach at B.H.S. (Coach Green was a previous Coach of the Year at Port Chester in 1961), the Broncos compiled the best record in the history of the school.

Practice began early in November, and after working out together for a while, we chose Scott Loll and Ted Meyer as our co-captains. The season officially opened on January 2, 1963, after a hectic Christmas vacation. Poor team shooting enabled Pelham to hand BHS a 45-41 setback. That, however, was the last taste of defeat for the Broncos for over two months, because we went on to rack up sixteen straight victories, the longest streak of the year in Westchester County. The onslaught began with the Tuckahoe game as BHS beat the Tigers 76-64, with Big Scott Loll scoring 34 points. Next, we faced Concordia, our old cross-town rivals, and although a tough game was expected, we romped to the tune of 57-28, with Loll scoring 19 points and playmaker Brian McKay scoring 14 for the Blue. In our next outing, we triumphed over Woodlands 67-58, and again Scott led the team with 25 markers. The clutch shooting of Van Lawrence in the second quarter of this game contributed a great deal to the victory. The next team to fall by the wayside was Blessed Sacrament, as Loll's 30 points led the way to a 59-26 margin. Next on our schedule was Valhalla, a school to which Bronxville has never lost an athletic event. In a game marked by fouls, the Broncos once again proved their superiority and Scotty scored 30 more points as we won 49-40. The following game found starters Doug Inman and McKay missing from the lineup, but all the Broncos needed was Loll as he personally outscored Rye Neck 43-26.

In Orbit

This total broke the Bronxville High School record and enabled Scott to win the Con Edison Award. The Westlake game was much the same story — another easy win for the Blue. Although Scott's scoring fell off, Inman began to show what was to come by hitting 11 points. The next game was the high point of the season because we got a chance for revenge against Pelham. With a nervous Coach Green home in the sickbed, the Broncos put out a double effort for him; and led by Loll's 36 and Inman's 13 points, we trounced the Pelicans 68-52. The Tuckahoe game marked the return of Ted Meyer, and he made his presence felt immediately by scoring 16 clutch points in a 68-43 triumph. Recovering from first half jitters, the Broncos, led by Loll's 24 and McKay's 10 points, racked up their tenth consecutive win, beating Concordia 56-43. In the Woodlands game, the Broncos had a real tough battle before pulling it out 52-46. Blessed Sacrament was another easy game for the Broncos, as Inman and Lawrence led the way to a 58-31 victory with 13 and 10 points respectively, but next came the stubborn Vikings of Valhalla, who can't seem to learn who their master is. In a fine team effort, led by the scoring of Loll and Inman, the rebounding of Chaltain, and the playmaking of Law-

rence and McKay Valhalla succumbed to the inevitable 56-41. The next teams to fall under the steam of the Big Blue Train were Rye Neck and Westlake as Doug Inman scored a combined total of 72 points (including 43 against the Panthers to tie Scott's record).

This completed the regular season, but the Broncos decided to play in the Class "C" section of the Section One Tournament. In the first game, Scott broke the Tournament all time scoring record by scoring 44 points while leading the way to a hard fought 74-67 victory over Briarcliff. Next, we faced Dobbs Ferry, the defending champions, and fell victims to their full court press while losing 60-57, thus ending the season as we began, with a loss.

Scott finished the season with 473 points, followed by Inman with over 200 and McKay and Lawrence each with about 100 points. The Broncos have won 18 consecutive League games including 10 this year, and we averaged 62 points per game compared to our opponents' 42 over the course of the season.

The 1962-1963 success (16-2 overall record) was due to the expert coaching of Mr. Green and to the fine team effort of the squad. The starting squad was composed of Loll, Inman, Chaltain, McKay and Lawrence, but always ready to jump in were Ted Meyer, Dick Fellman, Jon (V. I.) Lowe, Randy Evans, and Brian Moir. Also not to be forgotten are the players of next year's squad headed by Dick Myers, Harold Leddy, Rick Doyle and Larry Ransom.

The wrestling team commenced its second season with a victory in the Bronxville Invitational Tournament. Besides amassing ninety team points, the matmen took four firsts, four seconds and three thirds in the eleven weight classes. Led by tri-captains Pete Gregory, John Dostal and Mike Kuhns and with the fine coaching of Mr. Kuhns, plus excellent student body support, the Broncos rolled up a very impressive record.

Highlighted by many quick pins, Glenn Khachigan — 50 seconds, Bill Hurlbut — 58 seconds, Mike Kuhns — 37 seconds, "Bill" Byford-Brown — 1 minute 40 seconds, Chris Gibbs — 2 minutes 29 seconds, John Dostal — 1 minute 33 seconds, Ralph Boynton — 58 seconds, and John Boynton — 1 minute 15 seconds, the matmen's major victories were over their CWL rivals, Concordia and Valhalla, defeating both twice. Bronxville defeated Concordia 31-16, and 36-8, and Valhalla by scores of 32-12, and 29-14. Ralph Boynton led the team with six pins, Mal Mallery with seventy-one match points and Mike Kuhns with fifty-one team points and thirteen victories.

The 1963-64 team will be led by captain Mal Mallery and co-captains Bill Byford-Brown and Tom Sanford. Along with the three captains, other returning grapplers who will give Coach Kuhns the nucleus of a strong squad will be John Friis-Mikkelsen, Mike Christie, Glenn Khachigan, Gene Linden, Carney Mimms, Regis Hanna, Ralph and John Boynton and John Breen.

HOCKEY

This year's hockey season was marked by enthusiasm and skill as evidenced by a lower incidence of banged heads and bruises. Seven teams competed in the after school play program and after many hard fought games, Holly Huntley's team emerged as the winning team. At the Stuyvesant Playday, Gretchen Renner, Becca Wagner and Jeannette Goldsmith were chosen to play on the county teams.

The honor squads were formed early and practiced diligently. The first team, captained by June Aling, Judy McNatt and Holly Huntley, lost two games and tied one.

Laurie Kantack and Brenda MacCallum led the second team to a record of one win and two ties. The third team, with Helen Mawicke as captain, remained undefeated throughout the season. Mary Compston led the fourth team to two wins and one loss.

Unfortunately, a natural disaster in the form of rain forced the annual boy-girl hockey scramble to remain unplayed. Debate over what the outcome of the game would have been goes on indefinitely; however, the girls' superior endurance and ability would surely have carried them to the position of undisputed champions.

VOLLEYBALL

Miss Nilles' struggles in teaching the girls that "tight fingered touch" really paid off this year as the Volleyball Honor Squad had a victorious season. The first team, captained by Cathy Crandell, had a two-win, two-loss score. The fourth and second teams, captained by Pam Murray and Sue Johnson respectively, each had only one loss while the third team under Pat Harris's leadership won all its games.

Kater Nicholson's After School Play team beat the other seven teams to emerge as "Winning Team."

BASKETBALL

The basketball honor squad season enjoyed a fine season under the excellent coaching of Miss Bongard. Three teams were selected and captained as follows: first team — Gretchen Renner and Holly Huntley; second team — Ann Tripp and Debra Wagner; third team — Margaret Mitchell and Amanda Porterfield.

Our first game of the season predicted a fine future for all teams, with first and second teams scoring overwhelming victories over Rye. In our next game, both second and third teams captured winning titles, but the first team was forced to defeat due to Edgemont's unusually large court.

But "Never say die!" the Ellies chorused and went on to a complete three-point victory over Pelham. March 12 was our final game against Chappaqua. All three teams turned out excellent scores, defeating Chappaqua for the first time in three years.

All in all, the girls' basketball season really showed fine ability and sportsmanship. We are most grateful for the outstanding coaching of Miss Bongard.

SPRING SPORTS

As soon as Spring weather began the girls stampeded out to the fields for softball, tennis, archery and golf. The After School Play program enjoyed its usual popularity and the Honor Squad teams in tennis and soft-ball had another fine season.

SEVENTH GRADE

Confusion! It was hard to get used to everything new and different about high school. But the Class of 1968 was right in the swing of things. By Thanksgiving the students had gotten over their terrible fear of this new life. Being placed in the role of the "infants of the high school" was not so hard as we had thought it would be.

Many seventh graders were enrolled in extra-curricular activities such as after-school play, chorus, Rifle Club and band. To the surprise of all, there were no casualties in either after-school play or Rifle Club. The Junior High operetta was a big success, and Mr. Linden decided that there is still some hope for our class.

The four homeroom teachers, Mr. Porter, Mrs. Lynch, Mr. Reynolds and Mr. Hemberger were pleased to get students as talented as we are. Three French classes had to be added to the seventh grade program to make way for our outstanding ability in that language.

We made several trips. One was to the Metropolitan Museum, another to the Museum of the City of New York and our favorite by far, the excursion to Mystic Seaport.

Well, this is where we are supposed to say, "And we all look forward to the eighth grade," but we may as well face it. We *don't* look forward to eighth grade. We *do* look forward to a nice, long summer.

EIGHTH GRADE

"What do you mean 'Three points for a predicament'?"

told us that we spoke French with a Chinese accent! Better luck to us next year

In our gym classes, most of the girls were still hitting each other over the head with their hockey sticks, and the boys were still tripping over their feet while trying to get that ball over the touchdown line. But all in all we played through the fall season quite well. After a desperate try at volleyball, we came to the basketball season. The boys were scrambling around the floor trying to get the ball in the basket while the girls were yelling themselves hoarse. Such devoted females!!

Our study of the Civil War was most interesting. Urged on by our ever-urging history teachers, we made some beautiful projects. The science section of our grade had many splendid displays in the Science Open House. Many future scientists are being developed in our class! English grammar was combined with literature which was very interesting. Our math teachers were still trying to teach us how to add, and as Miss Owsley said many

times, "You must learn to listen, even if that's all you learn!" Maybe someday we will.

The famous (?) class of 1967 tramped through another year at Bronxville High School. As we said good-byes to our eighth grade teachers and to the halls which were not to hear our scurrying feet for another two and a half months, we were secretly excited about our next year as the Kings of the Junior High!

"You did what?!"

The famous class of 1967 (famed for being good or bad is another matter) entered the halls of old B'ville with the knowledge that we weren't the babies of the Junior High any longer. We were masters of the joyous rules of the High School such as admit slips, detention, and we were all acquainted with our friend, Mr. Manders.

The first day of school was spent, as always, filling out cards and getting our beloved text books. What a change from summer vacation! After learning who our teachers were, we set off for our classes. We were determined to make this a year of years.

We finally became accustomed to being in school every day. Most of us were having a grand time trying desperately to learn the new languages that were bestowed upon us. Some of us will never forget the day our French teacher

FRESHMEN

Our history is a long and involved progression of events and questionable occurrences. The general public may be aware of the less momentous happenings, but there are many incidents which should be brought into the open at this time, regardless of personal feelings.

One of our more significant actions was the installation of the illustrious and eloquent Peter Colmer as Junior High Student Council President and Betsy Moore as Secretary.

A rather boisterous Halloween was enjoyed by the more obnoxious freshmen, but the infamous details of this night are too incriminating to be revealed.

THE BIG CLIMAX, Williamsburg, came in November. We had a simply fabulous time there, and gained a great deal of knowledge in many fields. It might be mentioned that the chaperons learned quite a bit, too. Williamsburg was restored once before — it can be done again!

After the invigorating holidays, we went back to work almost happily. To the great astonishment of all, we found that at the semester Mr. Thomson's advisory had the highest grade average in the school.

Teen center proved to be a great retreat from problems, and was livelier than ever.

Time flew and advisory volleyball in March was the next milestone in this eventful year. Many snide remarks were directed at the attire and ability of the "weaker sex," but this didn't dampen the girls' spirits in the least.

Spring vacation found the sun lamps shining brightly in Bronxville and a favored few taking advantage of the *real* sun in the South.

With the warm weather came good times, Good Humors, girls' softball, baseball, tennis, track and socializing on the bleachers.

While a few of the more sentimental freshmen looked back over the year with tears in their eyes, the rest of us just looked back, glad that we had such a terrific year

SOPHOMORE EXECUTIVE COUNCIL

Members of the Class of 1965 found it very difficult to get up at 7:00 a.m. on the morning of September 10. Most of us managed to be in our advisories by 8:30 a.m. and there we tackled the task of filling out dozens of program cards. Text books were received, teachers met and school was under way.

It didn't take long for the schedule to step into high gear — like Andy's Corvette. In early September, we elected our class officers, whom we have respected as ideal examples of intelligent, trustworthy and likeable young men. A

few candid quotes will plainly show their capabilities: President Roger Haile — "And, ah, I believe that the Class '65, ah, will continue, ah, to move foward with vigah." Vice President Doug Simon — "If you think Gary Gub- got muscles, you should see the ones in my head." Treasurer Vic Chaltain — "The class debt has risen to an time high of \$ 56, because of several unauthorized purchases at Bellis." Secretary John Boynton — "I was a 97 und weakling.

As Sophomores, we had many new privileges. For the first time, we were represented on the Varsity teams. Our boys proved their excellence in sports again and again throughout the year. However, they never quite mastered the hockey stick. The girls' football team was not exceptionally coordinated, but everyone had a great time. Sophomore girls were found on all honor squads and played well all year. Roger, Eddie and Vic wore their Varsity Club jackets to impress the public, and the Leaders Club members wore their emblomed blazers in the cafeteria so they could drip chocolate down the fronts. Speaking of schemes for gaining attention, the Sunday-mthes-in-the-middle-of-the-week advocates really stirred up storm. Our cheerleaders, Margaret and Karen, did a good job supporting our teams.

For a while it looked as though term papers would be an insurmountable object on our road towards eleventh grade. Sarah Lawrence library became a refuge for many of us. But, we didn't work all the time!! Weekends were often spent on the ski slopes or on Bellis' corner. Various dances and parties around town kept us occupied when we had no out of school work to do.

During Spring Vacation some of us went away but our great majority stayed in Bronxville. After all, the sun *does* shine here, too!

We began to get restless as the end of school approached. Final exams ceased to be a discussion topic and became a study object. Before we knew what had happened, exams were upon us and over. We were free!!!

The Class of 1965 resumed its natural schedule: sleeping until 10:00 a.m. every day.

JUNIORS

The first line was censored by the Class of '63.
Not by the Freshman and Sophomore debris.
Nay, speak to me only as connoisseurs,
And then naturally in reference to the Juniors.

Speak to me of Spenik, Kenney, Landis, and Littell,
And how, between the 8:23 and the 8:30 bell,
They advised understandingly this complex grade,
And read tedious bulletins in voices staid.

Tell me of the "Big Four" elected in fall,
Of E. Karlen (prexy) answering the call,
Of P. Wallace (veep) and "Scribbler" B. Butler, too;
And of J. Pass (treasurer) pocketing the "sous."

In the sparkling light of M. Donohue's fire
The Junior class chanted to a guitar and lyre.
They sang out emotionally, with a tear in each eye
Such well-known tunes as, "Beer, beer for old Bronxville High."

And then came the night of the great Junior Play
The young actors and actresses were guided by Miss Day
Pride and Prejudice was performed with unusual skill.
With Pam Bates in a lead, along with Black, Bill.

E. Karlen was chosen A.F.S. student, and sent "down under."
Lucky was he to escape from B'ville snow, rain and thunder.
The last we heard, he was cheery and gay,
Showing the Australians the American way.

With the cold weather ended the '62 year
And the prospect of vacation filled us with cheer
But all we did during the winter recess
Was stand with cold toes on the corner of Bellis.

The warm, spring wind blew in a school halt
And Easter Vacation we all did exalt
It signaled the start of warm Southern capers.
Or trips to S.L. for work on term papers

"Like my new coat?"

The Class of 1963 was launched into its last spectacular year at Bronxville High School on September 10, 1962. For the second consecutive year, John Hufnagel (Huffy) was elected class president. Other class officers were Doug Inman, vice president; Gretchen Renner, secretary; and Betsy Spaidal, treasurer. Under their able leadership, the Seniors began to plan their first class function, the Senior Sing

"That's CORNY!"

"What do you mean we aren't good enough for chorus?"

"There's that kid with the camera again "

"It's been in the refrigerator."

After several postponements due to rain, the Senior Sing was held at the home of Carolyn Brock. 110 Seniors gathered on the wet grass and gave their vocal cords a lusty workout. A very select boy's acapella choir, under the capable direction of Chris Gibbs, sang such classics as "Row, Row, Row Your Boat," and "Beer, Beer for Old Bronville High!" with great gusto. Jay and Gretchen, the MC's, proved to be competition for Mitch Miller as they led the class in singing. In spite of the misty rain, a bonfire burnt until the end of the festivities

As the football season began, the Seniors realized that they would be doing everything for the last time this year. Every Saturday afternoon, the stands on Chambers' Field were crowded as our team brought victory after victory to the Grey and Blue. The Football Dance was unique this year since it was held before the end of the season. Jay and Bobby proved their proficiency as cake cutters, and the team showed its determination to win the last game by staying on pledge. However, the following Monday, after the Valhalla game, the team celebrated its victory in traditional Bronxville style

Pressures about college began to build as the fall progressed. All in all, the Seniors filled out several hundred college application blanks. Many rapid decisions were made about "the man I most admire," and "why I want to go to college." We knew that we wanted to go to college; the "why" hadn't made much difference until now. Before December was finished several enviable Seniors had already been accepted by their first choice schools.

Thanksgiving vacation saved us from exhaustion and our teachers from utter frustration. The four days went quickly, too quickly, and we were back in school before we had begun to get rested.

December 7, 1962 became almost as (in) famous as December 7, 1941. The Baby Party was held in the cafeteria that night. Babies of many sizes and shapes were in attendance. Prizes were won by several lucky babies: Betsy Tooke — Most Beautiful Baby, Henry Sullivan — Ugliest Baby, and Jon "V.I." Lowe — Most Original Baby. After several rousing games of "Pin-The-Tail-On-The-Bronco" and "Musical Chairs" under Huffy's anguished leadership, the evening reached its long-awaited climax — the arrival of Santa Claus! Santa's (Mr. Kruger's) jolly face brought warmth and happiness to the heart of every baby. All were given presents and went contentedly home to their bottles, since it was past their bedtimes

"Whew, that smoke!"

"We're only running a \$2000 deficit."

The holiday season arrived and we did our best to forget about school for two glorious weeks. While some seniors went off to places like Venezuela, most of us remained in Bronxville for the famous party season: private parties, the Holiday Ball, the Snowball and, last but not least, Leigh Stone's party after the Snowball. Christmas Eve, the annual Pageant took place on the lawn of the Reformed Church. Laurie Kantack was selected by the Senior Class to portray Mary.

January 2, 1963 was a bleak day, indeed, at Bronxville High School. We grimly returned to the cheery blue-green halls. Three weeks until exams, and then the first semester would be over. As exams approached, we saw that it was our last chance to show our colleges the tremendous amount of knowledge that each of us possesses. So, we studied like demons, and when the tests were finally over, we celebrated again.

Classes became more and more enjoyable after the semester. Seniors began to relax a bit to enjoy life. Ed Russell showed up to class with lipstick on his collar. Knitting appeared in various classes. One day during fourth period, the group on Senior Privileges decided that it was time to enforce the rules about books on the cafeteria tables. As the sophomore boys emerged from their gym class, they were confronted with an artistic pile of notebooks and texts. It took them a while to find their things and get to their next classes. In general, each Senior did his best to enjoy his last months in high school.

Three had gone from Bronxville to other countries. David Chase went to Brazil, Mary Daley went to Norway, and Peggy Lawrence went to Sweden. Jan Knipscheer, our AFS student from Holland, and Kathren Koini, our AFS student from Greece, proved to be great assets to our class. Their wit and genial personalities made them well-liked by all of us.

The Junior Prom, a social event introduced to Bronxville by the ingenious Class of 1963, took place at the end of March. Of course, compared to last year's Junior Prom this one was pale, but we did enjoy ourselves immensely.

Another tradition started by the Class of 1963, in 1963, was the Senior Tea. On Sunday afternoon, April 28, we all dressed very properly and went to tea at Judy McNatt's home. It was really quite a change from those parties at Sandy Bradshaw's house, but just as much fun.

The Junior-Senior Banquet was a treat, because all we had to do was to sit back and enjoy it. The Junior Class had a memorable evening planned for us, and as it turned out, it was a delightful experience.

Graduation approached rapidly after the Banquet. Regents exams were crammed for and taken. We had pulled through the year! The night of June 21, 1963, the Class of 1963 left Bronxville High School. Behind us we left traditions and ideas, legends and grey hairs. With us we took many memories of our years at "good ol' B'ville." In years to come, each of us will find some memory of Bronxville that will seem extra special. We are grateful for the opportunities we were given to enrich our lives and ourselves during the last short years. Great things will come from the Class of 1963, Bronxville High School, Bronxville, New York.

ACKNOWLEDGMENTS

When we first decided to enlarge the Yearbook, I knew that there would be many problems, but until work actually started, I couldn't have imagined how many. It was only through the extra efforts of Mrs. Landis and the staff that we were able to get it accomplished. They are the ones who deserve all the credit that I or anyone else can give them. First of all, I would like to thank Kater for the fine job that she did organizing the photographic schedule, and helping with the odd jobs that had to be done. Diane and Peggy are to be congratulated as well as thanked for the many stories that they edited and put together so well. To Nancy and David go many heartfelt thanks for some of the finest pho-

tography I've ever seen let alone put together into a book. To Ann and Janet go the sincerest thanks for doing the terrific art work and designing that this book and-a-half required. Without Biff to keep the money in order I am sure that this would never have come off the press. Finally, special thanks go to Helen and Laurie for all the times that they stayed late into the night working on their magnificent layouts.

On behalf of the staff, I wish to express our thanks to Mr. Clinton Miller, Mr. Ward Dorrell, Chris Canny, Jeff Fannon, and Mr. George Fouch who contributed many valuable and necessary photographs.

Also, we would like to thank Mr. Mascaro of Armbruster Studios for all the time he patiently spent taking pictures for us, and Mr. Hawthorne of T. O'Toole and Sons for giving us priceless help in editing this book.

Lastly, I would personally like to thank Mary Pearl, Mark Ransom, Douglas Pyke, David McCarley, Jean Lawrence, Jim McElyea, Rose Barer, Harry Gregory, Madeline Gail, and Gordon Harriss for writing their class stories; Jay Colmer, Bestor Cram, Brian McKay, Mike Kuhns, Pat Harriss, Holly Hantley, Judy McNatt, and Sue Tedesko for writing their special stories; and all who so generously contributed candid photos and helped me identify photographs.
